EXPRESS SYSTEM LIST
STORAGE MODULE

ELMA
Your Solution Partner
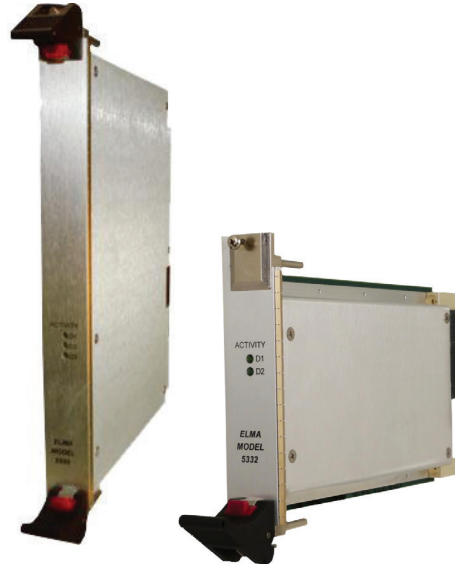

DESCRIPTION

Elma offers a comprehensive line of storage modules in the embedded computing industry. Environmental capabilities address commercial and rugged applications with SSDs (solid state drives) and rotating drives (HDD). Elma Express System products are in stock and available to ship in 2 weeks for the first 1 or 2 units, and 4 - 6 weeks for the remaining balance of your order. All units ship assembled, wired, and tested.

3U OpenVPX Dual Drive Carrier	
PART NUMBER	5332256G00SSMBNNS
Air or conduction cooled	Air Cooled (faceplate)
Drive RPM	Solid State Drive
2.5" Drive Type	Commercial Solid State MLC
REDI VITA 48.x Side Covers	5HP configuration
Signal ground isolation	No
Conformal Coating	No
Temperature Requirements	0°C to +55°C

6U OpenVPX Triple Drive Carrier	
PART NUMBER	565000256GSSMBNNS
Air or conduction cooled	Three 2.5" Drives, Air Cooled
Drive RPM	Solid State Drive
2.5" Drive Type	Commercial Solid State MLC
REDI VITA 48.x Side Covers	5HP configuration
Signal ground isolation	No
Conformal Coating	No
Temperature Requirements	0°C to +55°C
